Windsor

Education for the whole child for their whole life

**Montessori Adolescent Home Ed Community –
Windsor ‘school commute’ area**

Is anyone interested in exploring setting up their own new business focused on adolescents who also will be home educated?

I run a Montessori setting in Windsor for 5+ year olds who are home educated, so they come to me part time. Some of the children who attend are needing to move on to their next step as young adolescents.

Their current options are attending main-stream secondary schools, or continuing as sole, home-educated children. Parents are wanting to find an adolescent community with whom their children can learn. Brighton is too far away, unfortunately!

I feel that there would be an opportunity for someone to explore running their own business to cater for home educated adolescents within Surrey/Berkshire.

It could be an opportunity to start with individual and group coaching to run alongside a part time job and growing it organically as interest picks up.

If this is of interest to you, please give me a call.
